

## **MINERALS BRNO**

**International Sales Exhibition of Minerals, Fossils,  
Jewels and Natural Products**

### **PRODUCT CATEGORIES**

#### **MINERALS**

- natural minerals
- crystals produced in laboratories if duly marked so, including a warning about their high solubility in water
- additionally coloured minerals, reconstructed stones (additionally coloured chalcedonies, agates etc.)

#### **PRECIOUS STONES**

- rough precious stones (raw material to be ground)
- processed precious stones (tumbled)
- precious stones processed with plane cuts, faceted or in other shapes (balls, pyramids, eggs, animals)
- synthetic processed precious stones and other additionally treated precious stones accepted by gemmological practices (e.g. radioactively radiated stones, thermally treated stones, oiled stones, doublet, triplets, etc.)

#### **JEWELS**

- jewels and fashion jewellery made of minerals and precious stones
- jewels made of additionally coloured minerals or reconstructed stones (additionally coloured chalcedonies, agates etc.)
- jewels made of synthetic stones
- metal fashion jewellery, metal fashion jewellery with beads
- glass fashion jewellery

#### **NATURAL MATERIALS**

- shells, conches
- sea and freshwater shells
- other sea species
- modern shark teeth
- recent insect
- mother-of-pearl, coral

#### **FOSSILS**

- fossilised vertebrates
- fossilised invertebrates
- insect in amber
- fossilised plants, fossilised wood
- non-fossilised remnants and imprints of other than recent organisms
- traces of the activities of other than recent organisms (bioglyphs) or their imprints
- fossilized organisms other than recent organisms that have become fossilised
- hard parts of organisms: teeth, bones, egg shells, carapaces, etc.
- remnants of prehistoric trilobites, dinosaurs and mammoths

## HEALING STONES

- healing stones
- orgonites
- chakra stones and jewels
- chakra objects with minerals or precious stones content

## HOME ACCESSORIES AND DECORATIONS MADE OF MINERALS OR PRECIOUS STONES

- products made of minerals and precious stones (paperweights, clocks, inkstands, statuettes, bowls, vases etc.), salt lamps, lamps made of precious stones, pictures and mosaics made of precious stones
- products made of wire with precious stones or beads

## MINERALOGICAL AND GEOLOGICAL EQUIPMENT

- jewel metal pieces, components for jewel making
- geological hammers, compasses, gemmological instruments, microscopes, abrasive materials, stone saws
- specialist literature
- packaging and display materials for collectors and jewel makers
- miner's items (pit lamps, postcards, maps, statuettes with mining motifs etc.)

## General Information

- The exhibition space must be designated with the name of the exhibitor or company.
- All the exhibits or groups of exhibits on display must be marked with a label showing the name of the mineral, locality and price. Synthetic and additionally coloured stones and products made of them must also be duly marked.
- Starting from the 29th edition of the MINERALS BRNO exhibition, the exhibits will be checked. During the exhibition, the showcased range of products will be continuously checked by the organisers and authorised personnel according to the defined exhibition Product Categories.
- If a defected or unsuitable exhibit in the form of a fake is detected, the exhibitor will be immediately removed from the exhibition space without any financial compensation.
- If the presented goods fail to comply with the permitted subject-field classification, the exhibitor will be requested to remove the relevant goods from the exhibition space. Repeated breach of this rule will result in the withdrawal of the allocated exhibition space by the organiser without any financial compensation.
- If any of the goods presented by the exhibitor at the opening of the exhibition fail to comply with subject-field classification, the organiser of the exhibition will be entitled to exclude such an exhibitor without any financial compensation.
- In particularly serious cases, the exhibitor may be permanently disallowed to attend all exhibitions and fairs organised by BVV Trade Fairs Brno.
- If the exhibits listed in the exhibitor's registration fail to comply with the defined Product Categories, the trade fair administration is entitled not to register them.
